

To whom it may concern,

We have used Jason Bullen's services a couple of times now for building projects. First, was a two storey extension to extend our kitchen and to have a fourth bedroom, ensuite. The second time was our conservatory with bifold doors. We have found him and his team very approachable and professional at all times. When we've had queries and questions about the builds, he has always kept us informed throughout the work, finishing within our budgets and timescales.

We would highly recommend Jason Bullen Ltd to anyone who is looking to embark on a building project.

We would be quite happy for his work to be viewed with prior arrangement.

Kind regards

Shaun & Tracey Eamer
